

X-mas Values IN GOOD FURNITURE!

Always Something New to Show You

We would be glad to have house-keepers drop in on us any day just to look around.

Hardly a day passes but we add something to our stock.

The factories are busy at turning out new things, and of course we get our share.

The other day we received a consignment of RUGS, the most attractive, we think, we ever saw, new in design, beautiful in finish, and sturdy and long-lasting.

Any home that is in need of one of these ought to get supplied now. Prices \$10 up, and worth it.

How You Sleep

Depends quite a bit upon what you sleep on. Ideas about mattresses have changed in recent years, and mattresses have changed to suit.

Now you find some mattresses have names, which doesn't hurt them a bit, but you can also find loads of good mattresses without names.

We have both.

We have them every size and weight and quality.

Every mattress is carefully made along hygienic lines, and is worth every cent we ask for it.

We invite you.

An ad about Iron Bedssteads

There's a lot to tell you about them, more, we are afraid, than we will have room for.

But let's begin by saying that we have a nice large selection to show you.

They are heavily enameled, all sizes.

Most of them have attractive ornamentation.

The best ones cost the most, of course, but you can get a bed good enough for anybody, full size, at little cost.

But you had better first let us show you just what our line is like. Then you can quickly make a selection.

Good Furniture Values

Depend firstly and mostly on good Furniture.

There's more likelihood of your paying too little than too much.

If you look at the Furniture question right, you'll decide to spend enough to get all the value that there is going.

If you will let us, we can show you just why our Furniture is worth your attention and your money.

Can let you see for yourself the points where it excels.

Because it DOES excel—there is no doubt in the world about that.

Make Somebody Happy With a KODAK

Home memories that are cherished most are those of the great home day—Christmas. Better than mere memory, though, is the pictured story of the family reunion, the happy children, the gay young folks, the grown-up boys and girls back home again. The pictures taken with the Christmas Kodak will give pleasure the whole year round and for all the years to come.

Let us show you the simple Kodak way which makes picture-taking so much fun. We have Kodaks at \$5.00, others up to \$65.00.

Some Oil Spouter.
The mammoth gusher of the Pearson oil interests in the Potrero de Liano field, state of Vera Cruz, Mex., was recently allowed to perform for 20 minutes for officials of the Texas company and the Gulf Mining Refining company, according to the Mining and Scientific Press. The gate valve was opened for the first time since the well was brought under control, and a column of oil shot into the air to a height of 490 feet. The flow was estimated at 100,000 barrels daily. With the possible exception of the Dos Bocas gusher, which burned out, the Potrero is the greatest in the history of the oil industry.

How to Be Immortal.
Only one-cell animals which have no germination are immortal and never grow old. Physical immortality, deathless youth is possible, but you must be an infusorian or a yeast plant to attain it, and one wouldn't even be clam or a jellyfish for the price. The process has no limits any more than has beginnings. Life is just that, a third dying that two-thirds may live, whether it be the single cell or the body.—Dr. Woods Hutchinson in *Ampton's*.

Peculiar Insect.
There is a peculiar insect, found in the Malay peninsula and called the "lantern fly," which is remarkable for its wings. It was only after several specimens had been captured by European naturalists and brought west for careful examination that it was discovered that a curious projection on the front of the insect's head, a kind of nose with a crease in it, was the leaping organ. When bent back under the abdomen and suddenly released it sends the little creature flying.—*Harper's Weekly*.

Shock Brought Back Speech.
Sarah Alice Stevenson of Padham, Lancashire, England, recovered her speech recently in a remarkable manner. While engaged in household duties her clothing caught fire and in her terror the young woman screamed aloud. The flames were immediately extinguished, and, to her joy, Miss Stevenson found that she had recovered her power of speech, which she had lost six years ago.

Rose Garden of World.
Bulgaria, the rose garden of the world, supplies the American market with the bulk of the perfume, attar of roses.

Never Finished.
The scholar should regard no school as a finishing school. One's education is never finished.
